Sub: Regarding Work Completion / Installation and Commissioning of PFS Filling and Stoppering Machine with O-RABS supplied against PO No. 4511004868 dt: 02nd Jul 2024 (QPS/NE/24-2887).

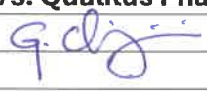

Dear Sir,

It is herewith brought to your notice that the supplied 5 Head PFS Filling and Stoppering Machine (**Model No. PFS-100, Sl. No. 001/2024**) has been successfully commissioned to the satisfaction of the user departments.

On this note, we request your acknowledgement on the MOM for giving closure to this subject from commercial perspective.

Regards,

02/06/2025
Daniel Albert.

IIL comments: ① Batch Report load cell PFS filling weight errors to be highlighted / marked independently for action.
② PQ and media fill Batch operational support is required.
