SERVICE REPORT

Date: 29.03.2023

With reference to PO: 4511004056, Dated: 08.08.2022, we supplied 18 nos NRV type filling Syringes for 5ml.

Trials were conducted and was found that only 9 nos. Syringes were working satisfactorily without any leakages and volume variation. Rest of the 9 nos. of Syringes were rejected on the grounds on suck back from the filling needle.

Hence, was discussed to consider only 9 nos. of syringes which passed the requirement of the party rest was rejected and considered to be returned.

Thanks & Regards,
